To whom it may concern,

It is a great pleasure to recommend Luis Sarmiento for admission to your prestigious university. I can assure you that he will add value to your university.

I have served as Luis's supervisor in his internship as a Quality Assurance and Project Assistant Intern. He performed an outstanding job in the company by conducting quality control tests to review product performance and evaluate results.

Luis is a very proactive person, he demonstrated great teamwork skills by collaborating with the project management team. He presented great attention to detail skills by evaluating the platform's execution to predict potential problems.

Overall, I would strongly recommend Luis for a position at your university. If you have any questions, please feel free to contact me.

Sincerely,
